NEW YORK, July 31.—John L. Sullivan was arrested this evening at the Vanderbilt hotel, on a requisition from the Governor of Mississippi. He was not all disconcerted by the arrest.

SAN FRANCISCO, July 31.—Wm. L. Ross, note teller of the Nevada bank, has been arrested in Victoria, B.C. He will be prosecuted in Victoria for bringing stolen property into the Dominion.

Reports have just been received of the capture, in the Behring sea, of the British sealer Black Diamond, by the United States revenue cutter Richard Rush, on July 11th. The Rush overtook the Black Diamond and ordered her to heave to, which was refused. The commander of the Rush ordered the lowering of the ports, and the guns were run out. This action caused the schooner to heave to. The officers boarded the Black Diamond, and took her papers by force. Capt. Shephard placed a non-commissioned officer in charge of the Black Diamond and ordered the vessel to be taken to Sitka to await further instructions.

OTTAWA, July 31.—Cornellier, brother to Connellier the well-known Montreal lawyer, was arrested to day on a charge of forging an official cheque on the bank of Montreal, with the signatures of the Deputy Minister of Public Works and Accountant.

AULTVILLE Ont., Aug. 1.—While the mail steamer Algerian was proceeding westward this morning she ran into a sand bar at Farrar's point, breaking eight arms of her wheel and having a hole stove in her side. She sank in fifteen feet of water. There were a dozen passengers on board; none lost.

NEW YORK, August 1.—Another consignment of silk and first-crop teas, occupying over sixteen freight cars, has arrived in this city from Yokohama via steamship to Vancouver, B.C., and transcontinental rail route from Vancouver to New York, being one of the fastest shipments ever made between Yokohama and New York. It took the steamship Parthia thirteen days to make the trip from Yokohama to Vancouver, after nearly one day's delay in transferring goods to the cars. The Canadian Pacific and other railroads took the cargo to New York, making the full trip, a distance of 8,000 miles, in twenty-one days.

Last Saturday we received a copy of 'The Saskatchewan', a "long felt want" among the Reform party of this section, who thought to run this part of the Territories upside down had they a newspaper through which to do so, now it has made its appearance and we await the change. The Saskatchewan is a great disappointment to the people as they were led to believe their new paper would be as big as a barn door, but it is only about the same size, and much after the same style as THE TIMES.

FRIDAY, AUG. 2, 1889.

Notwithstanding the assurances that we have had recently that the Long Lake road will be built with all possible despatch, there are many people who continue to doubt that such will be the case. Perhaps they are not to be condemned for being sceptical on that point; they undoubtedly have some reason to be, owing to the fact that we had the same expectations in other years and were disappointed. But we never before had such strong grounds for believing in the *bona fides* of the promoters of the road in question as we have at present. The point raised just now is that no word has been received that the bonds are sold and the money secured. Last week we pointed out that the fact of Messrs. Mann and Holt going to work on the road should set our fears in that direction at rest, and when Mr. Holt was in town this week he stated to us that he had now two engineers at work on the southern part of the road, and as soon as he returned to Regina would send a party to work on this end. He stated that he and his partners had the contract to build the road, and that they had commenced operations and intended to push the work ahead as far as possible, and he further said that they would not be working on it if the financial arrangements had not been settled to their satisfaction. Mr. Holt is our authority for saying that the road will be completed before the end of next year.

We see every day smoke from prairie fires darkening the horizon. Fires have this week been running in close proximity to the town, and already large patches of country have been blackened by this destructive element. It is a great pity that some of the gnolls who set these fires can not be caught. Our fire guardians should be on the alert and spare no pains to bring the perpetrator of these outrages to justice, and the farmers should give every assistance in their power. The law fixes a heavy penalty for an offence of this kind, and we trust that some of the offenders will be made an example of. No season is a prairie fire a thing to be desired in a settled district, but it is all the less so in a season such as this when there is such a scarcity of hay and so scanty a crop of grass on the grazing lands.

The American people are beginning to realize that the Irish Catholic element, to which they have pandered so long, is not only disloyal to their adopted country, but is secretly working to subvert the free institutions of the Great Republic. This is how a leading Massachusetts journal speaks on the subject:—

"The latest fad of our Irish Catholics in this country, who claim more power in the land than the American people, and who are ruling here as they never ruled elsewhere, is to establish a so-called 'Irish American Republic' upon this continent. A syndicate has been formed and they propose to buy Lower California from Mexico, or a large tract of land from Canada and set up their Kingdom. If they take Canada they intend to unite with the Catholic French, and if Ontario is not pleased with that, they propose to connect that Province with the United States. If either plan is adopted, they expect that the good Roman Catholic Irish here in America will follow them to their new home and government and all the Roman Irish from Ireland will go to this new Irish Republic. If this plan would relieve this country of the Clan-na-Gael, the Foresters, the Hibernians, and other Irish secret societies, the American people should not only encourage, but assist the movement. They must fight—let them have a little corner by themselves, as they did the Kilkenny cats. Let it be this, or the members of these murderous societies should be dumped into the sea. They have no love for this Government; the Irish, as Roman Catholics, have openly declared war against our institutions and are secretly plotting to destroy it. They are not American citizens, and this proposition of theirs to go elsewhere and establish a new government was not needed as a proof of this."

The Americans need not complain if they have trouble with the class referred to. For years they have given shelter and protection to these same people, knowing well that they were all the time plotting under the folds of the stars and stripes against the British Government and British interests. American statesmen have pandered to the Irish Catholic vote, and are now beginning to see the danger of what they have been harboring.

DUCK LAKE.

Indian Commissioner Reed spent Wednesday, Thursday and Friday last week here. He reported everything very quiet all over the Territories, and that the Indians were working and making good progress farming.

The Government are to be congratulated on having such a competent man at the head of the Indians.

Haying is in full blast. The crops will be somewhat light, still there will be no difficulty in getting enough.

A race between Kelly's b.s. Messenger and P. Larond's horse came off at Carlton Saturday for a purse of \$125 a side, and was won by Laronde. Kelly's horse bolted. Another race for double this amount comes off shortly.

Mr. S. Brewster of your town spent the week here, and left Friday with Mr. Mitchell for home. Mr. Mitchell leaves next Monday for Regina to attend a meeting of the Advisory Board.

Quite an excitement was caused here when the news came in that work had been commenced on the Long Lake road. It will be a great benefit to this section, as it is one of the best wheat sections in the Territories.

Mr. Holt, the well known railway contractor, and Mr. R. F. David, manager for Oler, Hammond & Co., Toronto, arrived here on Tuesday last, and left the same evening for Prince Albert. Mr. Holt passed down on Thursday. In conversation with your correspondent, he said the crops from Duck Lake to Prince Albert were far better than in Manitoba, and was much surprised at the beauty of the country. He purposes reaching Regina on Saturday afternoon, when two lines will be surveyed immediately from Saskatoon to Prince Albert.

OUR NEIGHBOR'S

From Battleford, Visit to Prince Albert.

A couple of weeks or so ago the secretary of the Saskatchewan Provincial Rifle Association received word that some of the Battleford Rifle Association would be down to compete in the annual rifle meeting here, and that there would also be a cricket team together with several ladies, who wished to see our town. On Saturday evening last the party arrived and are billeted, some with friends and others are camped south of the barracks. The whole party numbered twenty-five, and consisted of:—Mr. and Mrs. Ashby, Mr. and Mrs. J. F. Dyke-Parker and child, Mrs. P. G. Laurie, Mrs. H. J. Montgomery and child, Miss Pierce, Miss Applegarth, Messrs. Hugh Richardson, Wm. McKay, Frank Otton, R. C. Laurie, Wm. Laurie, Sergt. Lauder, Corp. Littlefield, Harry Bird, H. H. Millie, Geo. Donovan, H. Parker, W. J. Scott and son, H. C. Loscombe, G. G. Mercer, R. C. McDonald, Frank Hutchison.

The shooting did not come off until Thursday morning, so that there were three days, with Sunday to play cricket and show our friendly and jolly neighbors around town.

CRICKET MATCHES.

On Monday a cricket match was arranged between our local club and Battleford, which was a complete walk-over for the visitors, by ninety nine runs. The great feature of the game was the batting of Ashby, Otton and Dyke-Parker, the latter making 17 and 32. The bowling of Agnew and Clarke was also good. The game was started shortly after 10 o'clock, Battleford going first to bat. At the end of the first innings on each side the P. A. C. C. entertained the visitors at luncheon at Pollock's Hotel, and again in the evening at the close of the match, at which a pleasant time was spent. The players and scores were as follows:—

TUESDAY'S GAME.

On Tuesday F. Division, N. W. M. P., Cricket Club played the visitors a game at which they were more successful than the resident civilians, as the game ended in a wicket to spare for the police. At 1:30 p.m. the knights of the cross had

luncheon at the Pollock House, after which play was resumed, and when the match was finished the police again dined their friends from the next town up the river at Pollock's and another enjoyable evening spent. The police deserve great credit for the manner in which they handled themselves both at the bat and in the field. The Battleford men were no doubt tired after playing the day before, but this match was no doubt the best ever played in Prince Albert. The individual scores were:—

WEDNESDAY'S MATCH.

Wednesday morning brought together a combined team of cricketers belonging to the town and the visitors which resulted in a complete victory for the latter by two wickets; which was a great surprise to the Prince Albert people. At 2 p.m. the Hon. L. Clarke invited all the cricketers, Battleford friends and a number of our town's people to luncheon at the Queen's Hotel, after which play was resumed. The fine cricketing of our Battleford friends is highly to be commended and it is no shame for Prince Albert to be beaten by them.

The programme for to-morrow is a Revolver Match and Goose Match in the morning and Ladies' Match in the afternoon. The ladies will be in attendance and will provide a lunch on the ground. After the shooting is over Mr. Perry, wife of Supt. A. B. Perry, vice-President of the Association, will present the prizes. The P. C. C. Band will be in attendance during the afternoon.

Some weeks ago a team of the S. P. R. A. defeated the Territories in an inter-association telegraph match in which Macleod was entered but could not shoot owing to a heavy gale that was blowing on that day. The latter asked for satisfaction and a match was arranged for last Saturday, which resulted in Prince Albert still holding her well-earned laurels. The scores being S. P. R. A., 697 and Macleod 666 points. Saturday being practice day a number of the members of the association were present at the but, and after the competing team was chosen, a second team was picked from the remainder, and they made 660 points, only six behind Macleod, so that we are not short of good riflemen on the Saskatchewan.

The association have arranged to shoot a team against a team of the Ottawa Rifle Club. And also return matches with some of the Territorial associations. The following comprise the team that will shoot—Jas. McKay, F. C. Baker, D. Williamson, W. Parker, A. E. Carmichael, H. Bailey, W. Kerr, T. E. Baker, J. Stewart, captain.

The Merchant,

Who keeps a full line of General Goods at his establishment. He is the only Fish in this line of business, and can tell a good story of himself if necessary. This, however, does not prevent him from attending to his numerous customers. He is sure to please, as he has one of the best stocks in town. Call on him.
